PROJECT

PERSONAL PORTFOLIO WEBSITE

Portfolio

"Developed a personal portfolio website to showcase web development projects, skills, and achievements. Designed an interactive and responsive UI using modern web technologies."

- Designed and developed a fully responsive portfolio website using HTML, CSS, JavaScript.
- Showcased personal projects, skills, and contact details for professional networking.

WEATHER APPLICATION

Weather App

"Developed a real-time weather application using HTML, CSS, JavaScript, and API integration to fetch live weather data. Designed an interactive UI for an enhanced user experience."

- Built a real-time weather app using HTML, CSS, JavaScript.
- Integrated OpenWeather API to fetch live temperature, humidity, and weather conditions.

YOUTUBE CLONE

Video Streaming Platform

"Developed a YouTube-like video streaming platform using React.js, integrating YouTube API for fetching video data. Designed a responsive UI with features like video search, recommendations, and playback."

- Developed a YouTube-like video streaming app using React.js and YouTube API.
- Implemented video search functionality, trending videos, and category-based filters.

ACHIEVEMENT

Simplilearn Certificate

Introduction to Front End Development

This course provided me with valuable knowledge in HTML, CSS, and JavaScript while enhancing my ability to create responsive and user-friendly web designs.

A big thank you to Simplilearn for their well-structured curriculum and support. This milestone inspires me to continue my learning journey and work on exciting web development projects!
